

The PLAY Project's Autism Intensive Workshop

August 16th & 17th, 2019 | 9:30 am - 4:30 pm | \$260-\$295
Burlington, Vermont

"Thank you, thank you, thank you for creating The PLAY Project. It is by far the best training/learning decision I have made to date in my 20 years of being an early intervention provider with a caseload that is primarily kiddos with autism spectrum disorder. I love it! Parents love it!" – Julie B.

AOTA & ASHA CEUs!

In collaboration with:

The University of
Vermont

Adirondack
Helping Hands

- Learn The PLAY Project's methods through video case studies and group activities
- Develop skills and learn PLAY techniques for engaging children with autism
- For professionals (SLP, OT, MSW, MEd, PhD, MD, teachers) and parents
- Presented by Sheryl Rosin Ph.D., CCC-SLP, a Certified Autism Specialist with 20 years experience in the field

After the workshop, participants will be able to...

- Describe each of the 7 Circles of PLAY—The PLAY Project's evidence-based approach
- Describe how a child's unique profile is created and develop a plan to improve the child's social interaction based on the profile
- Describe Greenspan's 6 Functional Developmental Levels and how they relate to The PLAY Project Autism Intervention
- Identify techniques that help improve language, social skills, behavior, development, and play skills of children with autism
